

- - Its almost a couple of years with Santhoz.com, in the span of time i have completed over 50 projects - Logged in over around 750 hours ( Hourly Projects ) and over 20 Fixed Budget Projects.
  - - I charge \$10 Per Hour.
  - - Give me your Inputs and I will give You an Quote of approximate hours required within 24hours you have contacted me
  - - Total hours \* \$10 = Project Cost.
  - - Quick Delivery and to meet any deadline before any allotted time has also been met with respect to the bonus paid
  - - After Quotation - you will have to pay 50% of the project as the INITIAL PAYMENT through an PAYPAL INVOICE which i will send to you.
  - - After recieving the payment project will be started and an Demo url from - [www.demo.santhoz.com](http://www.demo.santhoz.com) - will be presented to with admin access if any for you to work on and check the application.
  - - When you see all your requirements met - you will have to pay the remaining 50% through another PAYPAL INVOICE.
  - - After receiving the payment - product will be delivered.

We at Santhoz.com support the project anytime you need, provided there are issues related to the work we did. If any new things to be added to the application it will have to carried on as a Fresh Project. And for sure you will Attractive Discounts when returning back.
